1. Minutes of February 6, 2006 meeting were reviewed.

2. April's Measure G Status report was reviewed and discussed by Mr. Taylor

3. The process for selecting replacement members for the Committee was discussed. Mr. Serot reported that he had several names provided by Board Members and asked Committee Members for suggestions. Mr. Serot mentioned that one of the new Committee members should represent a tax payers association. Mr. Dinger said he would join a tax payers association and be the representative for that category of membership. It was agreed to hold a special meeting on June 5th to consider replacement members

4. Jim Spencer made a presentation on the FPP for the Classroom/Student Services Building. Mr. Spencer discussed reviewed the District's 1992 and 2002 facility master plans and discussed the need for the building. He also discussed the site location and why it was selected and its impact on the Culinary Arts Building. Mr. Serot noted that there is some opposition to this facility from a member of the Board. Mr. Will asked for a discussion of the reasons for the opposition. Mr. Serot indicated that the opposition stemmed from two aspects of the proposed facility. First, is it size which results in the need to relocate the Culinary Arts Building and incorporate the Culinary Arts program into the new facility. Second, is the inclusion of a large computer 'mall' on the first floor of the building. Mr. Hacopian asked how the decline in enrollment will effect the new building. Mr. Serot responded that while enrollment was down, although leveling off, full time equivalent students (FTES), the method for counting student contact hours, is growing. Students are taking more classes.

It was agreed that Mr. Spencer will return in September to present a detailed plan for the Classroom/Student Services building

5. Next regularly scheduled meeting is scheduled for Monday, September 11, 2006 at 4:30 p.m..
